AI Notetaker

One tap to record

No apps, no setup — press and capture everything

60-hour battery

Still being used a year from now. Zero charging anxiety.

AI summaries instantly

Transcription, key takeaways, and to-dos in seconds

Private by design

Encrypted, local storage —no cloud required

*The productivity gift that
actually changes habits.*

For the go-getter

Captures every meeting, idea, and call — action items ready before you leave the room

For the road warrior

Records on the commute, reviews on the flight —the note-taker that never sleeps

For the new hire

Captures onboarding without missing a detail —signals the company thinks ahead

Available in Carbon Black · Blush Violet · Royal Blue

Email Subscribers

Social media's most talked-about audio brand.

Recipients know Raycon before they open the box. That brand recognition is part of the gift.

Built to be given

Premium retail packaging means gift-ready out of the box. No extra wrapping needed.

Built to be kept

Products people actually use every day — not one-time gimmicks that end up in a drawer.

Built for everyone

Sleep, productivity, fitness, everyday audio — there's a Raycon for every recipient on the list.

WHY RAYCON WORKS IN THIS CHANNEL

Brand Recognition

Social media's most talked-about audio brand. Recipients know Raycon before they open the box.

Premium Unboxing

Packaging and presentation do the work. Gift-ready out of the box. No additional wrapping required.

Universal Recipient

Sleep, sound, and productivity — needs that cut across every age, role, and lifestyle on your list.

Private by Design

No subscriptions, no cloud required. Tech gifts that protect privacy resonate with enterprise buyers.

Custom Options

Co-branding, custom colorways, and exclusive packaging available for qualifying volume programs.

No App Required

Products that work immediately — out of the box, first use. Zero friction for the recipient.
